LAKE COMO

Yesterday,
To-Day,
Tomorrow.

Personal and Social.

Mrs. J. C. Grimley is enjoying the mountain air at Brevard, N. C.

Mrs. Frank Gautier expects to leave in about a week for Hendersonville, N. C.

Webb Chamberlin expects to return in September to the college for young men near Northfield, Mass.

Mr. and Mrs. K. Borsen expect to leave this week for a stay of some time in the mountain section of North Carolina.

B. F. Tillinghast came over from Daytona Beach on Saturday to spend a few days at home and look after his interests.

Arthur B. Appleby came down from his South Carolina plantation and spent a portion of last week with old friends here.

Mr. and Mrs. Spencer Wainright are happy over the arrival of a little boy in their home last Saturday morning the 20th inst.

Mrs. Posey of Trenton, S. C., is here on a visit to the home of her brother, Mr. J. E. Lorick. Mrs. Posey will be remembered pleasantly by our people as a former visitor.

Miss Katharine Crawford, who went early in the season to North Carolina, writes that after a short stay at Ridgecrest she went on to New York and is now at Glens Falls, near Lake George, for the remainder of the summer. She extends good wishes to the friends who remain at home.—DeLand News.

The young people have been having well attended and most enjoyable dancing parties at V. I. A. hall during the past two weeks. The town is only dull in a business sense; socially, especially among the young people, it's making history. That is more of the young people here this summer than usual.

The sheriff of St. Johns county made a raid on the blind tiger at Shell Bluff last Sunday night and captured sixteen of them. It should be noted that the blind tiger doesn't confine his operations to dry counties, but that he flourishes fully as well in those counties where the sale of liquor is legalized.

Chester Norton has gone to Hot Springs, Arkansas, to have the rheumatism washed out of his system and there isn't a person in town who isn't busy just now hoping that he will be successful. This young man has had a tough time of it for the past year, several months of which he had to keep his bed.

J. A. Austin has had some lumber left on his main street lot and it is reported that he has already started on the work of erecting a "department" store. It is a little off the present line of retail trade, but who can say that he is not the pioneer of what is destined soon to become the great traffic thoroughfare of the city. The new store is to be 24 x 40 and two stories high.

J. F. Ganas has concluded the purchase of all the land and timber rights of Mr. Smith at Huntington and has entered upon possession of the property. The purchase includes some 19,000 acres of timber. Mr. Ganas was the former owner of a large part of this tract, and his return to the town of the business will be welcomed with joy by a large number of our people.

Rev. Father Barry of Palatka will hold service at the Catholic church next Sunday evening, and on Monday will celebrate Mass. It is expected that there will be a large attendance at least of the Catholic people as Father Barry can only make monthly visits here and last month was prevented from making his usual visit because of a trip to Washington. Father Barry's sermons are always practical and helpful.

The News has received from Mrs. M. R. Traile a card view of her pretty cottages at Chautauque Lake, New York. The cottages are known as the Lake Front Cottages and during the season are among the most popular stopping places of that well known and popular resort. Among the winter visitors at the cottages are making their home there this summer are noted Mr. and Mrs. J. G. Lyon, of Albany, N. Y.

Rev. E. W. Waybright announced in the Baptist church last Sunday morning that the Sunday morning service would be dispensed with until the first of September. The evening service will be continued as usual. By this arrangement there will be morning service at the Methodist, and evening service at the Baptist church and this will be all the baptizing the people will have during the balance of the summer season.

Capt. S. M. LaBree, W. F. Glynn and K. Borsen went over to Daytona Beach with their automobiles last Sunday morning and returned the following day. They had with them as guests Messrs. E. H. Williams, J. F. Rhodes, Frank Gautier, Borsen, LaBree, Miss Cardelle Williams and Messrs. E. H. Williams and C. H. Preston. The party left here at 5:30 a. m. and made Deland for breakfast, then went on to the beach. They had a delightful day for the trip.

The stock in the Wainright store has been moved to Mr. Wainright's new saw mill location at Harwood on the east coast and Mr. Spencer Wainright will join his father in operations there. They do not intend, however, to give up their interests here, but will come back. Their interests at Harwood are only temporary. It is understood that they have already had application for the store, and that Harrod Bradcock is contemplating leasing it and opening up a meat market and grocery.

Old Crescent City friends of Mr. and Mrs. H. W. Busse formerly old citizens of this place now living in New York City, will sympathize with them in their sorrow over the loss of their daughter, Cora, wife of William J. Gardner, which occurred on Monday the 15th inst. Mrs. Gardner is also survived by two daughters, Elsie and Irma, and her husband. The News has no other particulars. Mrs. Gardner will be remembered by many as a visitor to her parents' home in this place.

The third quarterly conference of the Crescent City charge of the Methodist Church will convene with the church at Georgetown next Saturday and Sunday, July 27th and 28th. At 11 a. m. on Saturday there will be preaching by the Presiding Elder, Rev. Dr. S. Patterson of Jacksonville, after which dinner will be served on the grounds. At 2 p. m., will be the business session with addresses by the presiding elder and pastor. On Sunday, Love Fest will be conducted by the pastor, Rev. D. D. Diefenweir, at 10 a. m., followed by sermon by Dr. Patterson and communion service. A large attendance is requested by the pastor of the charge.

Mr. and Mrs. C. T. King returned early last week from an enjoyable outing at Panama Springs and are getting settled in their new home. Mr. King feels that he has received much benefit from the trip and as soon as he can do so will make another pilgrimage to the healing waters.

John Perkins, State manager for the Crutcher & Woolfolk Co., of Pittsburgh, met quite a number of our local orange growers last Saturday at the junction. The company has a distributing agency for citrus fruits and it was Mr. Perkins' business to explain their methods of handling fruit and to give points which would enable the shipper to realize the best prices for his crop.

There were some 18 or 20 local growers present and some 4,000 boxes were pledged to the new concern on contract for the coming season. Mr. Perkins will make another visit here in a week or two and will meet the growers down town. Her F. Babers is the local manager for the company here.

Brick and lumber were hauled to the ground last week to be used in the construction of a ten room dwelling for C. A. Cheatham at the corner of Main street and Cypress avenue. Mr. Cheatham, who lives in Jacksonville and is one of the leading real estate men of that city, bought this property some time ago of Mrs. J. L. Maul. It is a lake front (Lake Stella) and his holdings cover the entire block, covered with full grown orange and tangerine trees. Mr. Cheatham is building the home for his mother and it is here he expects to spend a large part of his own time, for Mr. Cheatham has been busy making money for some years and he is a bit anxious to get back to the town of his boyhood days. The lumber was all shipped from Jacksonville and the builders will personally superintend the construction.

For every purpose of the flesh healing ointment for man or beast there is no remedy more powerful than DABBY'S PROPHYLACTIC FLUID. It is in addition to its effectiveness on the flesh a wonderful internal remedy. It relieves cramps, colic, dysentery, sore throat, swollen tonsils and sick stomach. As a disinfectant for the sick room it is of extraordinary value. It destroys germs and purifies the air. Added to the water for bathing the face of a fever patient it is not only refreshing, but it tends to allay the fever. Price 50c per bottle. Sold by all druggists.

Greater London.

A description of London as a municipality is found in a report which has been sent to the department of commerce and labor by United States Consul General John L. Griffiths, stationed at the British capital.

Instead of having one mayor and several borough heads as New York has, Mr. Griffiths points out that from a governmental point of view London is a very complex organization, consisting of 29 cities and boroughs, all with separate administrations. Each has its own mayor and council, there being, however, an authority whose jurisdiction is co-extensive with what is known as the administrative County of London, called the London county council.

"It may assist to a better conception of the work of the London county council," writes Mr. Griffiths, "to point out that it has jurisdiction over the public school system of Greater London, the fire department, the street car system, asylums, bridges, highways, department of health, parks and building regulations."

"There are 18,000 employees in the tramways department, which has been under the jurisdiction of and operated by the council since January 1, 1899."

The great hindrance to municipal progress is narrowness. In every community there is a disposition on the part of the average citizen to give all his thought to his particular business or set. It is so easy to forget that there are common interests, and that the things upon which we agree are more in number and importance than those upon which we differ.

All citizens of a town or community should realize that the public health, the school, physical and moral betterment, are matters of paramount importance. The advancement of community life depends largely upon the stress we place on the things that are common to the whole.—De Soto County News.

Doing hard work in a bent or stooping position puts a strain on the back that is painful. If the muscles have become strained you can get rid of it without help. The great penetrating power of BALLARD'S SNOW LINIMENT will appeal to you most strongly at such times, because it is the very thing you need. Price 25c, 50c and \$1.00 per bottle. Sold by Ackerman-Stewart Drug Co.

When a pretty woman wishes to have her way with a man it never takes her long to find the line of least resistance.—Chicago Record-Herald.

Mr. and Mrs. D. E. Dusenberry and Miss Libbie Haight have gone to Montreat, N. C., for a two months' vacation.

Mr. and Mrs. W. S. Prior and son, Chas. Henry, have gone to Montreat, N. C., for several months.

John Rafferty of Crescent City was in town Sunday.

Walter Tedrick is in Welaka, where he has a position in the drug store.

A number of Comolites attended the funeral of Miss Doris Worcester, at the residence of her parents at Pomona. The funeral was largely attended by friends from Palatka, Fruitland, Como, Crescent City and other places as Miss Doris was well known and greatly loved by all who knew her. Her beautiful casket was covered with a profusion of lovely flowers. The services were conducted by Rev. J. G. Tedrick of Como. Interment was made in the Como-Pomona cemetery. The Pomona choir sang several beautiful hymns at the house and grave. The sincerest sympathy is extended to Mr. and Mrs. Worcester by the Como people in their sad bereavement.

The Morrell property has been sold to Mr. Robinson of California, who has been here looking over his property.

Tonic—
Alterative

What is a "tonic"? A medicine that increases the strength or the tone of the whole system. What is an "alterative"? A medicine that alters or changes unhealthy action to healthy action. Name the best "tonic and alterative"? Ayer's Sarsaparilla, the only Sarsaparilla entirely free from alcohol. Ask your doctor about it.

Bilious attacks, sick-headaches, indigestion, constipation, dizziness, these are some of the results of an inactive liver. Ask your doctor if he endorses Ayer's Pills in these cases. The dose is small, one pill at bedtime.

Made by the J. C. AYER CO., Lowell, Mass.

Four Years of Real Joy.

Germany has added another to its list of distinctions. It has produced the perfect truant. A boy of Dortmund was transferred from one school to another; he found out that his name was not entered on the register. That was four years ago. Since then he has gone from home every morning with his bag of school books, and each evening at the appointed hour he has returned. It has now been discovered that the new school has never seen him, and that he has had four years of vagabondage.

Stings or bites of insects that are followed by swelling or itching should be treated promptly as they are poisonous. BALLARD'S SNOW LINIMENT counteracts the poison. It is both antiseptic and healing. Price 25c, 50c and \$1.00. Sold by Ackerman-Stewart Drug Co.

Powdering Closets.

When capricious fashion ruled that ladies should wear only white hair—the color supplied by nature being of no importance—the operation of putting on the powder made special arrangements necessary.

These took the form of a special room or cabinet, and in every house of any pretension a small chamber was set aside for the exclusive use of powdering the hair.

A curtain divided in the middle, a powdering stand to hold the bowl of powder, and possibly a stool, were all that the closet contained, and through this curtain the lady whose head was to be powdered protruded her head, the maid standing on the other side and "throwing" the powder at her head by means of a powder puff.

To preserve the eyes and complexion a mask was held to the face.—Courier de Londres.

A bad taste in the mouth comes from a disordered stomach, and back of that is usually a torpid liver—a condition which invites disease. HEBBINE is the remedy needed. It corrects the stomach and makes the liver active and regular. Price 50c. Sold by Ackerman-Stewart Drug Co.
